The Camillus Golf Club Program Mission

The Camillus Golf Club is intended to introduce golf to children, while teaching them the rules and proper etiquette of golf so they may fully enjoy the game now and in the future. In addition the Camillus G.C. Junior program will provide juniors instruction, playing opportunities both competitive and casual, all while creating an inviting atmosphere for junior golfers at the facility so they are encouraged to visit the course more frequently with their family and friends while taking up the game for a lifetime.
